**Facts about the club:** Newton Longville Football Club (NLFC) was founded in the 2017/18 season and made its debut in the CYL during the 2023/24 campaign. In their first season, they dominated Division 2, securing both the league title and the cup with a convincing final victory over Bedford Rovers. This season, NLFC has stepped up to Division 1 and continues to impress, sitting at the top of the table. However, with plenty of games left, the race for the title is far from over.

**A message from manager Gareth Morris:**

Welcome to all, and a huge thank you for your support this season with NLFC. We've come a long way over the past two years, and the players have shown incredible progress. With such a strong squad in a highly competitive league, many have had to be patient for game time, and we truly appreciate that. Your dedication and commitment have been outstanding. As we head into tonight's game, remember how far we've come—be proud of yourselves and give it your all. Good luck, boys! Let's keep pushing forward together

Good evening and thank you for coming along to watch this cup final. I could not be prouder of the lads reaching there 2<sup>nd</sup> cup final in 3 years and have also won the league title 2 years in a row.
